Fabric

1. Bilateral Fabrics: Fabric with a definite right and left side design, a mirror image of one another. The line of summity running longitudinally through the center of the design dividing the design in two identical parts.
2. Also: a wide variety of small to medium all-over prints, textures, gradations, ombre, stripe, marbles and fabric speckled with gold (a black splattered with gold is excellent) Include rich saturated jewel tones, painterly fabrics and hand dyed fabric.
3. Batiks with repeated designs as well as solid colored batiks.
4. Solid black or dark colors.
